CHRISTY SAY SHOW

"Best in the Box" Wants Only One Catcher.

Matty Believes Managers Should Have More Backstops.

ABOUT INSIDE BALL.

Batting Secret Is Harmony and Wasted Balls.

Catchers Must Relieve Pitcher of Studying Batters.

New York, Jan. 30.—Christy Mathewson believes each pitcher should have his own catcher, and he gives some good reasons why managers should arrange their batteries so that a pitcher can have the same catcher.

"I have learned that I can pitch best to one catcher, because we come to understand each other's strong and weak points, and play accordingly. Harmony in action and thought is gained when the battery men work together regularly, and without that neither pitcher nor catcher is able to do his best. The pitcher has enough to do without trying to please a catcher who doesn't understand him. The pitcher understands why the catcher's judgment differs with his only when they work together regularly. Each knows then just what the other can do, and the catcher who doesn't know his pitcher's strong and weak points often makes mistakes, and one little slip has lost many a ball game."

"The advantage is just as strong for the catcher. The bugs know a lot more baseball than they did a few years ago, but they have not learned that the catcher isn't to blame for some stolen bases. A good catcher can throw out a good base runner if the runner is held close to the base and the ball is pitched so he doesn't lose his balance in getting it. When the base runner is allowed too much of a lead the catcher is hurried, and often his throw goes wild."

"The pitcher should study the base runner and the catcher the batter. Battery men learn to respect each other's judgment in this only by playing together regularly."

Catcher Must Watch Batter.
"The pitcher cannot watch the base runner if he has to figure out what to give the batter. I have each other been caught napping by the base runner when I gave too much attention to the batter."

"It is up to the pitcher to watch his outfielders. I got a beating in St. Louis last season, and I deserved it, because I didn't shift the outfielders. The Cardinals made eight runs in one inning. They wouldn't have made one

had I played the game right. Any smart manager, like McGraw, has his pitchers watch the outfielders.

"Understanding the battery men helps the pitcher when he is tired of being hit hard. Roger Bresnahan always had an eye out for the pitcher to show a sign of tiring, and if he did Roger would give a lot of fake signals. The pitcher would shake his head, and at the same time steady down."

"Another wonderful advantage to the pitcher is to know what kind of balls the catcher can handle and throw out a base runner. Many catchers cannot get a low ball away quick enough to get the runner. Jimmy Archer is best at getting the ball away from any position. He can Carlson after receiving a high, low or wide ball."

"Inside ball is mostly the little things. When the catcher calls for a pitchout or wide ball to catch a runner going to second, and the runner goes on that particular ball, the pitcher is given confidence. An instance of the disadvantage of the working with a catcher I didn't know was shown me in an exhibition game. We both went after a ball that was hit right in front of the plate. It was my ball. He bumped into me and I was badly hurt."

"Baseball is a mental game. A pitcher has to win. Johnny Evers is one of the best players at getting the other team's nerve."

It was a hard fought battle, but the consistency of the Kansas guards, who took the Tigers from victory. Parker, Missouri's star forward, who did good work in last night's game, was not able to make a goal from the field in the game. Cohen, the Tiger captain, was put out of the game in the second half for rough playing.

Stuckey, who is filling Tommy Johnson's place at forward, made three field goals, the greatest number for Kansas.

JACK JOHNSON CALLED HARD.
Carl Morris Offers Him \$10,000 to Prove Assertions.

Chicago, Ill., Jan. 30.—Jack Johnson says the rapid advance of Carl Morris, Sapulpa, Ok., is due to fake fights.

The black title holder declares that a representative of an Oklahoma promoter recently visited him and asked him to permit Walter Monahan, the hope of the champion himself, to lay down to Morris in a go. Johnson also alleged Mike Shreck told him the reason his fight with Morris was postponed was because he refused to "lay down."

Muskogee, Okla., Jan. 30.—Jack Johnson's declaration made in Chicago that the rapid advance of Carl Morris, the "white man's hope," is due to fake fights, received a fast offer from Morris, who agreed to give Johnson \$10,000 if he could prove where he had ever faked a fight and to anyone else he would give \$10,000 in gold for the same proof. Morris characterized Johnson's statement as "a lie."

WASHBURN LOSES FIRST GAME.
Haskell Indians Take Basketball Game 29 to 24.

Lawrence, Kan., Jan. 30.—The Washburn college basketball five met defeat at the hands of the Haskell Indians Saturday night in their first game of a road series to include Baker, Ottawa, Wentworth and William Jewell. The score was 29 to 24.

It was the first big game on the Indian schedule and the work of the Martindell's braves broke the record of past seasons. As a whole the struggle was a rough one, characterized by considerable shoving and fouling. And throughout the entire game it was as close as the score indicates. At the end of the first half the score read 19 to 16 in favor of the Redskins. The Indians, however, kept the wearers of the blue from piling up a victory. Shop and Chaney did the stellar work for Washburn.

Sane Persons Sent to Asylum.
Washington, Jan. 30.—Many sane persons are being received in the government hospital for insane, according to members of the committee appointed recently by Secretary Ballinger to investigate conditions at the institution. A radical change in the method of handling insanity cases, it is said, will be recommended to congress the present system of examining alleged insane persons at the United States courts being characterized by the committee as "archaic and unjust."
